STEVE IVY RARE COINS

Dear Customer:

The recently concluded 1982 ANA Convention in Boston provided the entire numismatic community an opportunity to thoroughly examine and evaluate the rare coin market. For the first time in over two years, the results were genuinely encouraging. While price levels are still fractions of their 1980 highs, the pace was again hectic and there seemed to be real signs of building confidence among the leading dealers on the floor.

Certainly the economic environment was a contributing factor this year. In contrast to the somber announcement of 314b during last year's convention, this year's activity was buoyed by soaring precious metals prices and falling interest rates. Wholesale activity was visibly stronger, with many coins purchased at Auction '82 and our own ANA Sale trading hands on the floor at considerably higher levels.

Market tops and bottoms generally do not formally announce themselves. They are visually recognized several months after they occur by all of our perfect 20/20 hindsight. So while one show does not a bull market make, we believe that this 1982 convention was the watershed.

Sincerely,

Michael W. Sherman
General Manager

SPECIAL NOTE

For the past ten years, the post-ANA catalog has traditionally been our "fall sale" issue. However, with the "Art of Negotiation" campaign enabling our customers to acquire the coins they need at often substantial discounts anyway, a discount sale would seem both incongruous and confusing. So, in an attempt to preserve tradition, our salesmen have been instructed to display even greater flexibility when negotiating during this month. And for those of you who have never called before to negotiate, you'll find that discounts from 5% to 15% are easily available this month. Give us a call today, and take advantage of this annual opportunity to save on the largest selection of choice and gem coins available in the country.

TRENDS

by Michael W. Sherman

The late summer of 1982 finds the rare coin market at a crossroads. After two years of substantial readjustments and widespread uncertainty, signs of the birth of a genuinely new cycle are becoming apparent. As with virtually all collectibles, which possess little or no intrinsic value, the market price of a rare coin is a function of what a core of experienced collectors will pay, plus a premium for the cyclical effects of demand arising from the entry of those outside the basic core. In the absence of this cyclical component, the rare coin market should proceed along a steady growth curve as the natural effects of supply and demand seek equilibrium at continually higher price levels. Why higher? Because the demand side, or number of dedicated core collectors is under constant upward pressure due to population and other demographic factors. Because supply, (or the number of coins available) is slowly falling due to loss, mishandling or other forms of attrition which befall tangible objects. In a vacuum, these two fundamental characteristics insure the ultimate long term viability of virtually all collectibles.

The cyclical portion, referred to earlier can be seen as an artificial stimulant to the demand component, which accelerates and magnifies the natural orderly process of the market. This results in wide and rapid price swings as the market seeks equilibrium. Unfortunately, during times of a cyclical demand increase, rapid price appreciation attracts further demand. Soon, the all too familiar scenario unfolds of a vicious circle spinning with increasing intensity until it flies apart – from its own “success.”

Assuming human nature to be somewhat constant, the behavior during cyclical downturns in demand operates on the market in precisely the opposite direction. As prices fall, the “word gets out,” and once again a self fulfilling prophecy is acted out as transient demand now rushes for the exit. As before, the theater is empty, save for that core of collectors who were there when the picture started. This is the crossroads at which the coin market now finds itself.

Activity at major shows is again dominated by the collector. Prices have fallen to the point where he feels comfortable. The balancing forces of supply and demand are again in equilibrium. The floor for prices is firm, but there is little room for five and six figure items, just as demand in any field for these items is limited. Less expensive material, within the range of the majority of collector’s budgets may be actually undervalued at the present. This is due to the “panic effect” referred to earlier which causes both the tops and bottoms of a major cycle to react beyond normal technical influences.

The start of the next cycle is dependent on a variety of factors, whose analysis is beyond the scope of this article. We are, however, now witnessing several important developments in the numismatic climate. Gold has taken off in pursuit of the Wall Street Bull, cheered on by downward drifting interest rates and hopes for reduced government borrowing. The week in Boston saw several substantial injections of cash into the marketplace by far-sighted investors, stimulating wholesale activity almost immediately. The longevity and magnitude of these stimuli is still in the cards. But the earliest signs of recovery seem to the author, now to be history.

Michael W. Sherman is the General Manager of Steve Ivy Rare Coins.

A WORD ABOUT QUALITY:

Don't make the mistake of assuming our flexible pricing policy is an attempt to compromise our high numismatic standards. The Art of Negotiation applies to all of our coins, and is our vehicle to deliver the highest quality available on the market at the fairest price possible. As one of the largest buyers in the country, I examine literally hundreds of thousands of coins. My primary objective is to obtain those which comprise only the highest level of quality. Being selective insures that the offering which follows is truly representative of the cream of the market.

TWENTY CENT PIECES

LIBERTY SEATED QUARTERS

1858 MS (68) Wonder Coin! A delightful deep-gold and peripherally iridescent Quarter with virtually immaculate surfaces. The first full strike 1858 these eyes have viewed. Although common in grades up to MS (63), this is an underrated date in Gem Mint State. (see color photo)	4,250.00
1860 Proof (65) Golden grey toning atop pleasing surfaces. Scarce	1,650.00

LIBERTY SEATED QUARTERS

1860 Proof (67) Superb! Swirls of pastel cover unusually choice surfaces. This is a very underrated date in Proof as many were melted in 1860.	1,875.00

1885 Proof (67) Superb! A near twin to the last. Although the obverse is an iota less flashy, the reverse is extremely deep. This and the 1881 would make an ideal display pair. (see color photo)	1,750.00
1886 MS (63) An obvious business strike as evidenced by the amply lustrous surfaces. Quite scarce in Mint State.	825.00
1886 Proof (63/65) Mostly brilliant with light orange-gold toning forming. ANACS certified.	1,450.00

1888 MS (65) Dramatic rainbow iridescence atop very pleasing surfaces. Another unquestioned business strike and scarce as such. (see color photo)	1,950.00
1889 MS (65/65) Again, fully lustrous. We stress this factor as so many of the 1880's Quarters sold as business strikes are, in actuality, Proofs. A coin which carries its own credentials. ANACS certified.	2,250.00

BUST HALF DOLLARS

1824 MS (65) O-117. (R-1). Golden-grey toning. Very sharp obverse; reverse displays some diagnostic striking weakness at 6:00 and 11:00. Still, a nice coin for the issue. (see color photo)	2,950.00
1831 MS (67) Superb! O-111. (R-2). Natural golden-grey toning with a touch of sea-green at the peripheries. An outstanding strike with a sharp curl, clasp, stars and wingtips. Far superior to the Overton plate coin and suitable for either the specialist or type collector.	3,750.00
1834 MS (65) O-105. Large date, small letters. (R-1). Deep golden toning atop immaculate surfaces. Not as sharp as the last but, nonetheless, as nice an example of this type as we've sold in five years.	2,950.00
1836 MS (65) O-113a. (R-5). Untoned. Beautifully centered with full milling visible. Well struck and frosty. Obvious obverse cracks as mentioned by Overton. A rare variety in an even rarer grade.	2,950.00

1848 MS (65) Similarly toned to the 1843 but with a deeper reverse. Very sharp with virtually perfect surfaces. This is one of the most underrated Seated Halves in any grade. 1857 MS (65) Light pinkish-gold toning. Unusually sharp for the date.	2,750.00

1870 Proof (65) A cataloger's nightmare: how does one describe colors for which no names exist? A barrage of hues have blended together to form a coin with considerable eye-appeal.	2,150.00
1877-S MS (65) Type One. Cameo proof-like obverse; semiprooflike reverse. Very flashy.	1,950.00
1886 MS (63) Russet-gold and electric-blue toning atop semiprooflike fields. A few micro-marks from a Gem. Scarce.	950.00
1890 Proof (67) Superb! Magnificent toning.	2,350.00
1891 MS (65) In this writer's opinion, the 1891 is one of the most underrated of all Seated coins. It is, in fact, almost as rare in business strike state than the 1879-90 Halves. We proudly offer this fully struck, golden Gem at a price that, quite soon, will appear ridiculously cheap.	1,950.00

BUST DOLLAR

LIBERTY SEATED DOLLARS

1857 MS (65) Deep dusky rose-grey atop somewhat prooflike fields. Typical weakness of strike on Ms. Liberty's head, but fairly well struck for this usually soft date. Scarce in all grades but a true rarity in Mint State. This splendid coin is high in the Condition Census.	5,750.00
1860 Proof (65)	3,750.00
1873-CC AU (50) Semiprooflike. A remarkable coin. The strike gives this the appearance of being an 1873-P Dollar. Although the fields show a few marks, this is one of the cleanest CC Seated Dollars we've seen. This is a very rare date in all grades. It is prohibitively rare above EF; fully R-8 in Mint State. This is one of the top half-dozen known.	9,750.00

1935-S MS (65/65) ANACS certified. A very clean Peace Dollar.	1,750.00

ONE DOLLAR GOLD

1853 MS (65) Type One. A sharp blazer devoid of the striking imperfections so common to this type.	4,150.00
1854 MS (63) Type One. Very choice for the grade.	1,050.00
1855 MS (65) Type Two. An honest-to-goodness Mint State Type Two! This coin is dripping with luster and the fields are remarkably clean. An extremely rare coin and one of the few to be offered in years.	15,750.00
1862 MS (65) Undisturbed satin surfaces with a touch of green toning. The strike and overall appearance of this coin make it a prime candidate for an advanced type set.	3,850.00
1865 MS (65) Struck from lightly clashed dies. Orange-gold toning atop reasonably choice surfaces. A very scarce date with less frequent auction appearances than commonly believed.	7,950.00
1866 MS (65) Struck from unclashed dies; unusual for this date. Handsome even gold color with undisturbed surfaces. Just a touch less scarce than the 1865 but, nonetheless, an important coin.	6,950.00

ONE DOLLAR GOLD

1867 MS (65/65) Semiprooflike. Lovely orange toning. The reverse displays many unusual die clashes. A very choice example of this scarcity. ANACS certified.	4,950.00
1868 MS (68) Wonder Coin! Shimmering satin surfaces. Toned to a deep orange-gold. An excellent strike with no central weakness as often seen on this date. Very possibly the finest known 1868 Gold Dollar. (see color photo).	6,750.00
1874 MS (65) Frosty and far better struck than is the rule for this popular date.	3,850.00
1877 MS (65) A blazingly lustrous Gem with deeply frosty surfaces. An excellent strike and ultra-clean fields highlight this scarcer coin.	6,950.00
1883 MS (65) Green-gold, mark free and very frosty. Scarce.	3,850.00
1883 MS (65/65) Frosty. Orange-gold toning atop impeccable surfaces. No clashmarks or other disturbances. Scarce this nice. (see color photo)	4,250.00
1888 MS (65) A near twin to the non-ANACS 1883 and, although not quite as scarce, every bit as desirable.	3,850.00
1889 MS (67) Superb! This gorgeous coin simply drips with frost. Its surfaces are superb, its strike is bold and its eye appeal factor is unusually high. For the finest set.	4,250.00

QUARTER EAGLES

1834 AU (50) No Motto.	950.00
1867 MS (63) Fully prooflike with only a few light hairlines removing this from the Gem level. An extremely rare date in Mint State with less than a dozen auction records since 1944. An unusual opportunity for the gold specialist.	3,950.00
1900 MS (67) Superb!	1,750.00
1905 MS (63)	650.00
1909 MS (65) Handsome matte-like surfaces. Rub-free and choice.	1,850.00
1911-D MS (65) The Key. A full strike with the diagnostic partial wire rim on the obverse. Strong mintmark. Overrated in grades up to AU but legitimately scarce in Mint State. (see color photo)	8,500.00
1912 MS (65)	1,850.00
1914-D MS (63)	600.00
1915 MS (65)	1,750.00

HALF EAGLES

1810 EF (40) Large Date, Large 5. Deep yellow gold. A few ancient marks but none of the severe damage common to this type.	1,850.00
1813 AU (50) Breen 1-A. (R-5). The only variety of the year. Very pleasing deep copper toning. Very little actual signs of circulation. Some trivial obverse adjustment marks blend in with the toning. One tiny reverse rim bruise is, again, trivial. A rare coin. (see color photo)	3,350.00
1899 MS (65)	2,250.00
1908 MS (63)	950.00

EAGLES

1795 AU (50) Breen 1-A; crowded obverse stars; 13 reverse leaves. (R-4). Deep yellow-to-copper toning atop semiprooflike fields. Extremely clean with no adjustment marks, edge knocks, signs of graffiti removal, etc. A beautiful coin. (see color photo)	14,500.00
1799 VF (30) Breen 5-G; irregular date, large stars. Perfect dies. (R-2). An absolutely perfect coin for the grade. Deep coppery toning, very pleasing surfaces, even wear and no damage. (see color photo)	2,950.00
1901 MS (65)	2,650.00
1901-S MS (67) Superb! Pinkish-gold. Extremely lustrous and mark free. (see color photo)	2,950.00
1907 MS (65/65) No Periods. A sensational coin with full luster and strike, clean surfaces and deep gold color. ANACS certified. (see color photo)	5,500.00
1911 MS (63)	975.00
1911 MS (65)	2,950.00
1916-S MS (63) Delicate pink-gold toning. The obverse displays the abrasions so common to this date but the reverse is unusually choice. Very scarce.	2,950.00
1932 MS (65)	2,750.00

DOUBLE EAGLES

1861-O AU (50) Prooflike; especially so on the reverse. Typical bagmarks but far cleaner than most seen. The 1861-O Double Eagle is a very historic coin. Of the 17,741 struck, 5,000 were coined for the Union, 9,750 for the state of Louisiana and 2,991 for the CSA. We would guess that this particular coin was made for the Union due to the strength of the strike. A rare and storied coin.	3,950.00
1893-CC MS (65) Somewhat prooflike surfaces below deep orange-gold toning. Exceptionally clean and well struck for the date. The last year of issue for Carson City Double Eagles and a very scarce coin in Mint State. (see color photo)	4,950.00
1896-S MS (63)	750.00
1904 MS (65) Prooflike.	2,250.00
1907 MS (63) High Relief. A virtual Gem.	8,250.00
1907 MS (65) High Relief. Remarkable surface and considerable eye appeal highlight the heavy aesthetics of this coin.	15,500.00

PROOF GOLD

ONE DOLLAR

- 1885 Proof (65) 1,105 minted. Fully brilliant with a trace of orange-gold toning. Unlike most, this is uncleaned and was carefully manufactured at the Mint. 7,250.00
- 1888 Proof (65) Breen-2; weak ERT in LIBERTY. 957 minted. A cameo with unusually deep yellow gold toning. One tiny reverse scratch between the first and second 8 separates this from the select "superb" circle. 7,250.00
- 1889 Proof (63) Breen-1; obverse of 1888 B-2. 1,779 minted. Deep yellow gold. A few light obverse hairlines. 3,350.00

QUARTER EAGLES

- 1865 Proof (65) Breen-1. Only 25 minted; possibly less than 9 unimpaired specimens survive. This is a beautiful two-tone Gem. It is hairline free and unclouded. It can be forever identified by a tiny scratch at the truncation of the neck. A major rarity. 19,500.00
- 1872 Proof (65) Breen-1. Only 30 minted. Half of these survive and at least three are badly impaired. This two-tone Gem is hairline free and truly striking. Another great rarity. 12,500.00
- 1894 Proof (67) Superb! Breen-1. 122 minted. This two-tone Gem is one of the finest Proof Quarter Eagles we've ever seen. The glittering surfaces are pristine. The reverse is very close to a full "70" with no marks of any kind. Awesome. 8,500.00
- 1898 Proof (65) Breen-1. 165 minted but, as suggested by Breen, far rarer than generally believed. Deep yellow toning is interrupted by a touch of cloudiness. However, this represents unusual quality for the date. 7,750.00
- 1899 Proof (65) Breen-2. 150 minted but, again, scarcer than believed. Deep yellow gold with a two tone reverse. The first uncleaned Proof 1899 Quarter Eagle to be sold in quite some time. 7,750.00
- 1903 Proof (65) Breen-2. 197 minted. An ultra-brilliant example which is stripped on an otherwise deserved "67" grade by a small rough patch on the left obverse field. 7,750.00
- 1907 Proof (65) Unlisted. Very similar to Breen-1 but there are three (not two) horizontal lines in the second white stripe as well as scattered striae throughout the shield. This is, possibly, an early state of B-1. 154 minted. Deep yellow gold with nice reverse contrast. Always popular as the last year of its design. 7,750.00
- 1910 Proof (65) "Roman Gold" finish. 682 minted. Much scarcer than the mintage would indicate. This is amongst the nicer extant with no rub spots or discoloration. 9,750.00

HALF EAGLE

- 1896 Proof (65) Breen-1. 103 minted. Many of these must have been melted as this date has very infrequent sales records. Ours is a two-tone Gem with immaculate fields. 10,750.00

DOUBLE EAGLE

- 1890 Proof (67) Superb! Only 55 minted; between 12 and 15 survive. A glorious two-tone Gem. The reverse is spectacular while the obverse isn't exactly a slouch. Proof Twenties are the most difficult denomination to find choice. 28,500.00

PIONEER/FRACTIONAL GOLD

- 1849 AU (50) Norris, Gregg and Norris Half Eagle. Kagin-4; reeded edge, period after ALLOY. (R-4). Lustrous and sharp with clean surfaces. Scarce. 4,450.00
- 1876 MS (65) 25c Octagon. Indian Head. Doering 12-D, Lee 50-E. (R-3). Proof-like with coppery-gold toning. Extremely rare; the first record of public sale for this variety. 550.00

PATTERNS

- 1851 Proof (63) Electrotypes of Judd-159. Copper. P.E. (R-77) Made at the Mint by DuBois in the 1860's. An interesting piece of Mint chicanery. 250.00
- 1869 Proof (63) J-684. Coronated Liberty with star obverse; laurel wreath reverse with small Maltese cross. Nickel. P.E. (R-4). A bit rough but nice for the issue. 750.00
- 1870 Proof (65) J-833. The Barber obverse muled with the regular dies reverse. Copper. R.E. (R-6). Tan and brown with iridescent undertones. Exceptional for the issue. 875.00
- 1870 Proof (65) J-1017. The beautiful Longacre "Indian" obverse with the regular dies reverse. Copper. P.E. (R-7). Faded red with olive iridescent undertones. One of the most beautiful of all proposed coinage designs. Rare. (see color photo) 3,950.00
- 1885 Proof (67) J-1747. The legendary Snowden Experimental Dollar. Silver. Lettered Edge. (High R-7). Regular dies with E PLURIBUS UNUM raised on the edge. Lovely flecked purple and silver toning. An extremely important experimental piece. 7,750.00
- 1896 Proof (63) J-1772. The Barber Nickel in Aluminum. P.E. (R-6). Just a touch of corrosion; far less, however, than commonly seen. 350.00

U.S. COMMEMORATIVES

Mint State (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

AUCTION SCENE

Since the last Ivy Numismatic Journal was published, a number of important auctions have occurred. The most influential of these were AUCTION '82 and our own 1982 A.N.A. Sale.

The A.N.A. Sale contained 3,500 lots. Total prices realized was nearly \$3.5 million. Virtually every series was represented in depth, and a number of major rarities were sold. Areas which showed particular strength included Early Type, Seated Liberty (especially Quarters) and Proof Gold.

The single highest price realized by any lot in the sale was the \$63,800 bid which captured the extremely rare Proof Kellogg and Co. Double Eagle. The runner-up, dollarwise, was the rare Proof 1838-O Half which hit the \$40,700 mark before the hammer fell. Another strong bid was accorded to a lovely MS (65) 1796 Quarter. After furious bidding, this pristine first-year-of-issue coin fetched \$29,700.

After the mammoth five session sale had become history, seasoned observers contended that the long lagging rare coin market had finally broken its downward spiral. One dealer was heard to remark "it's nice to see some coins selling for decent prices again."
